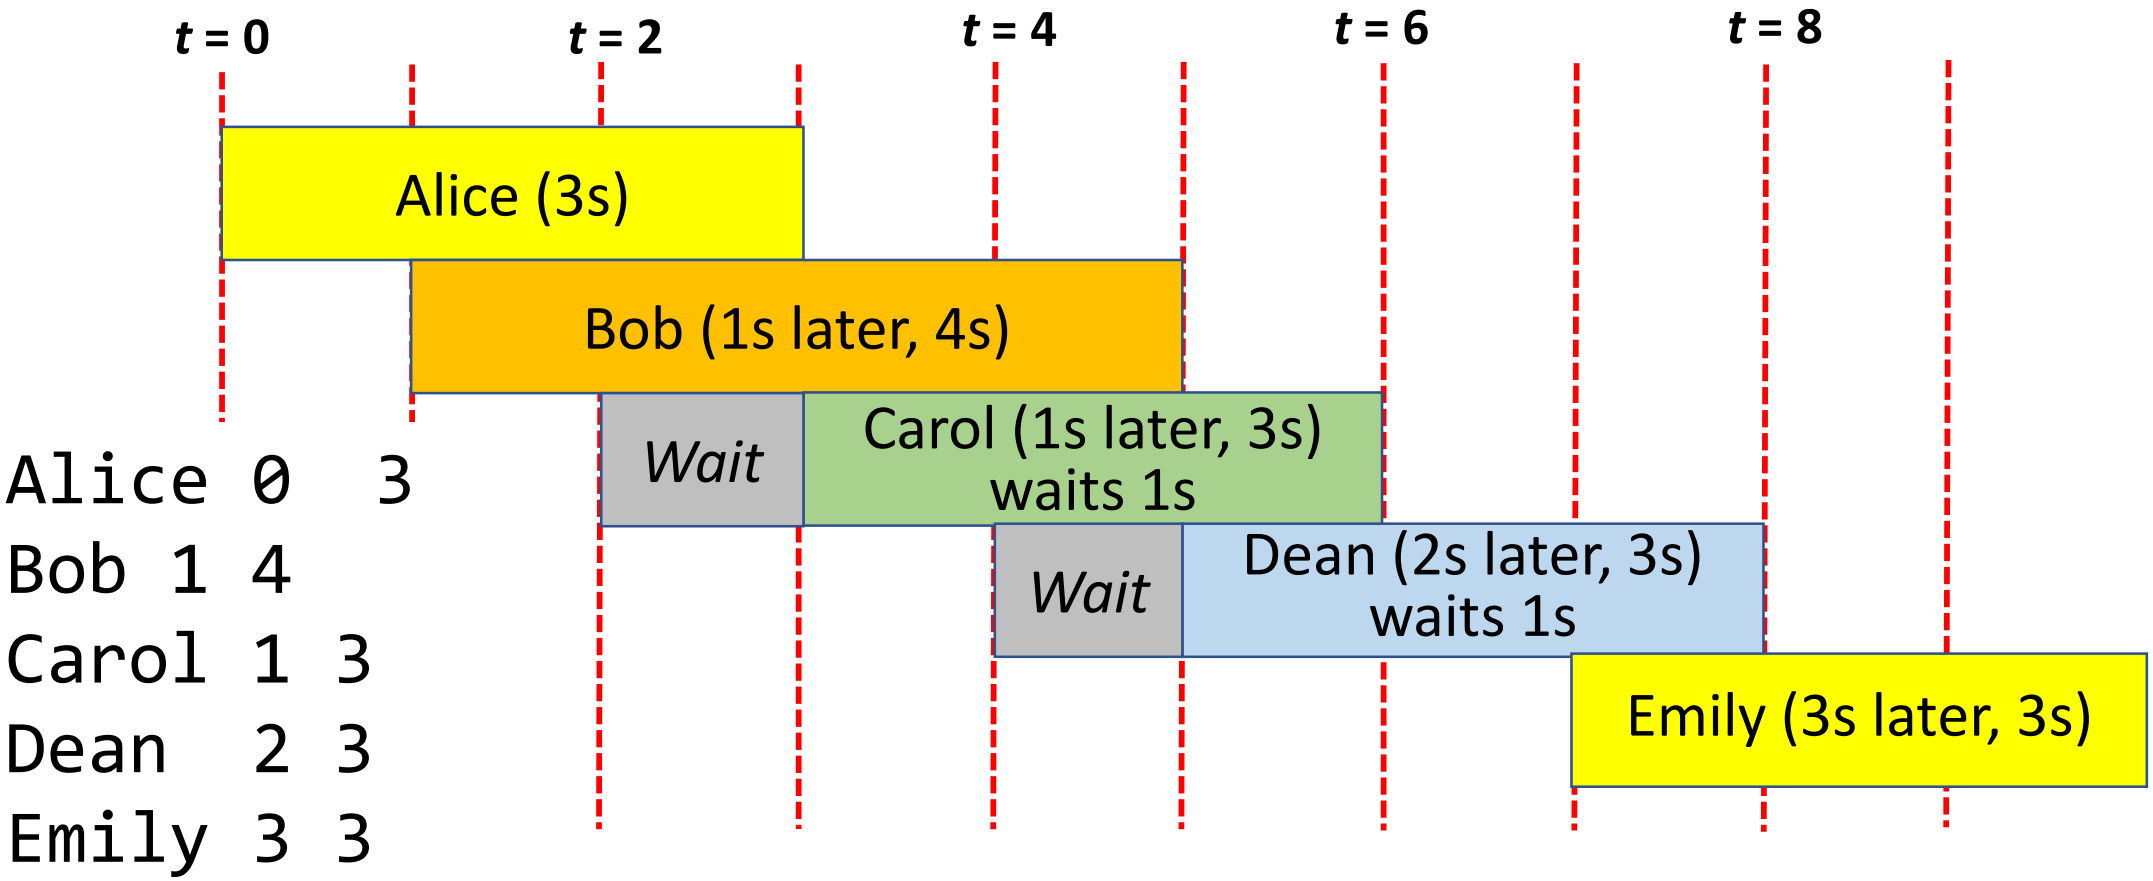
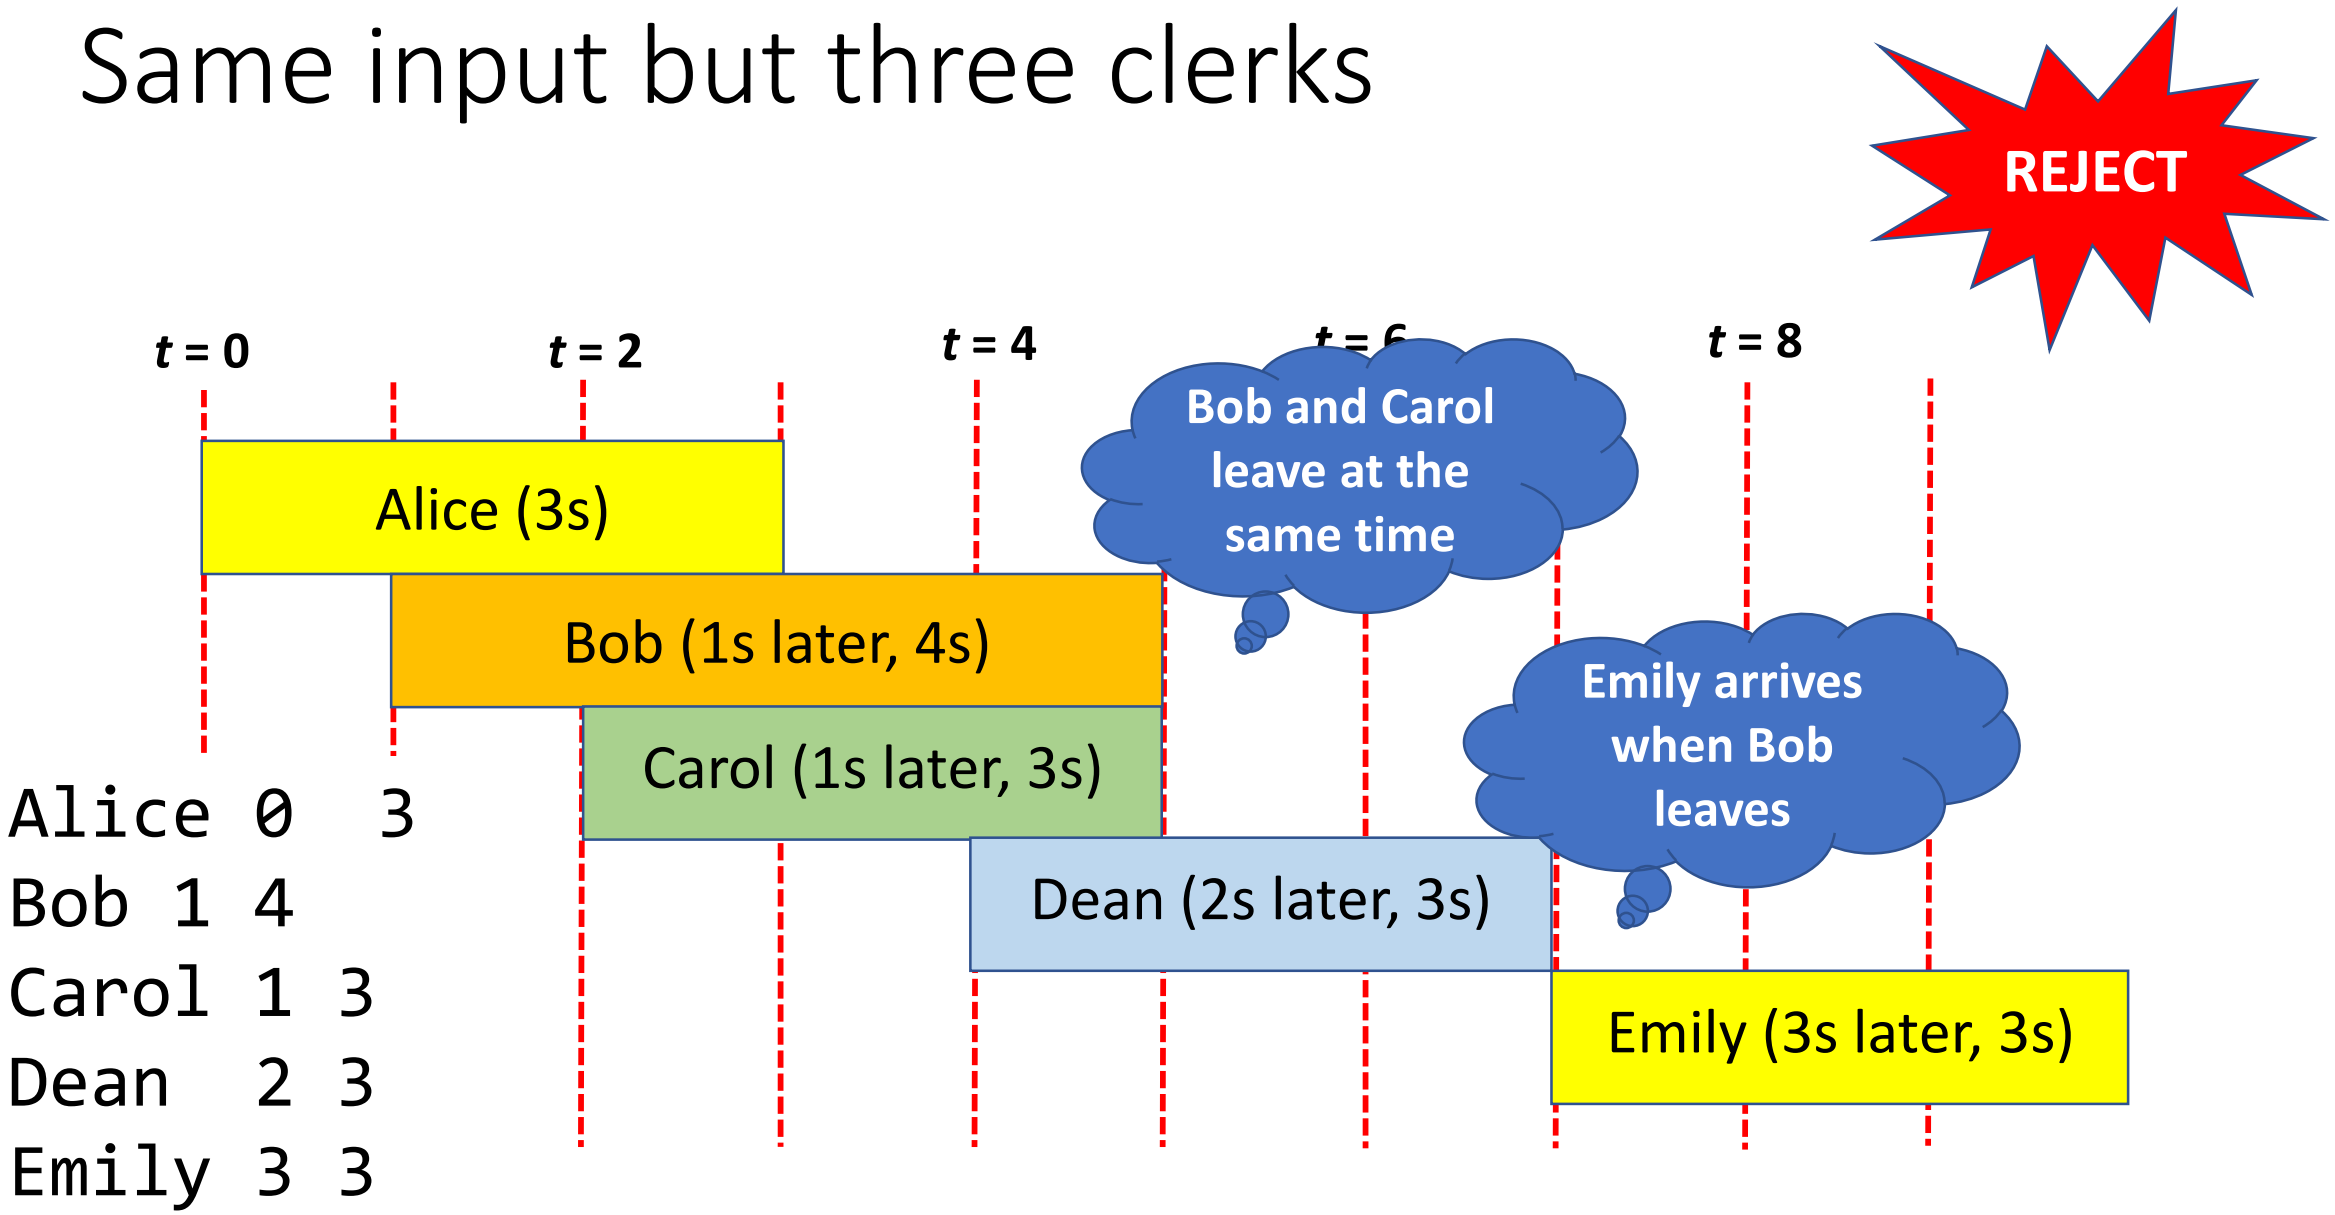
A deterministic schedule for two clerks



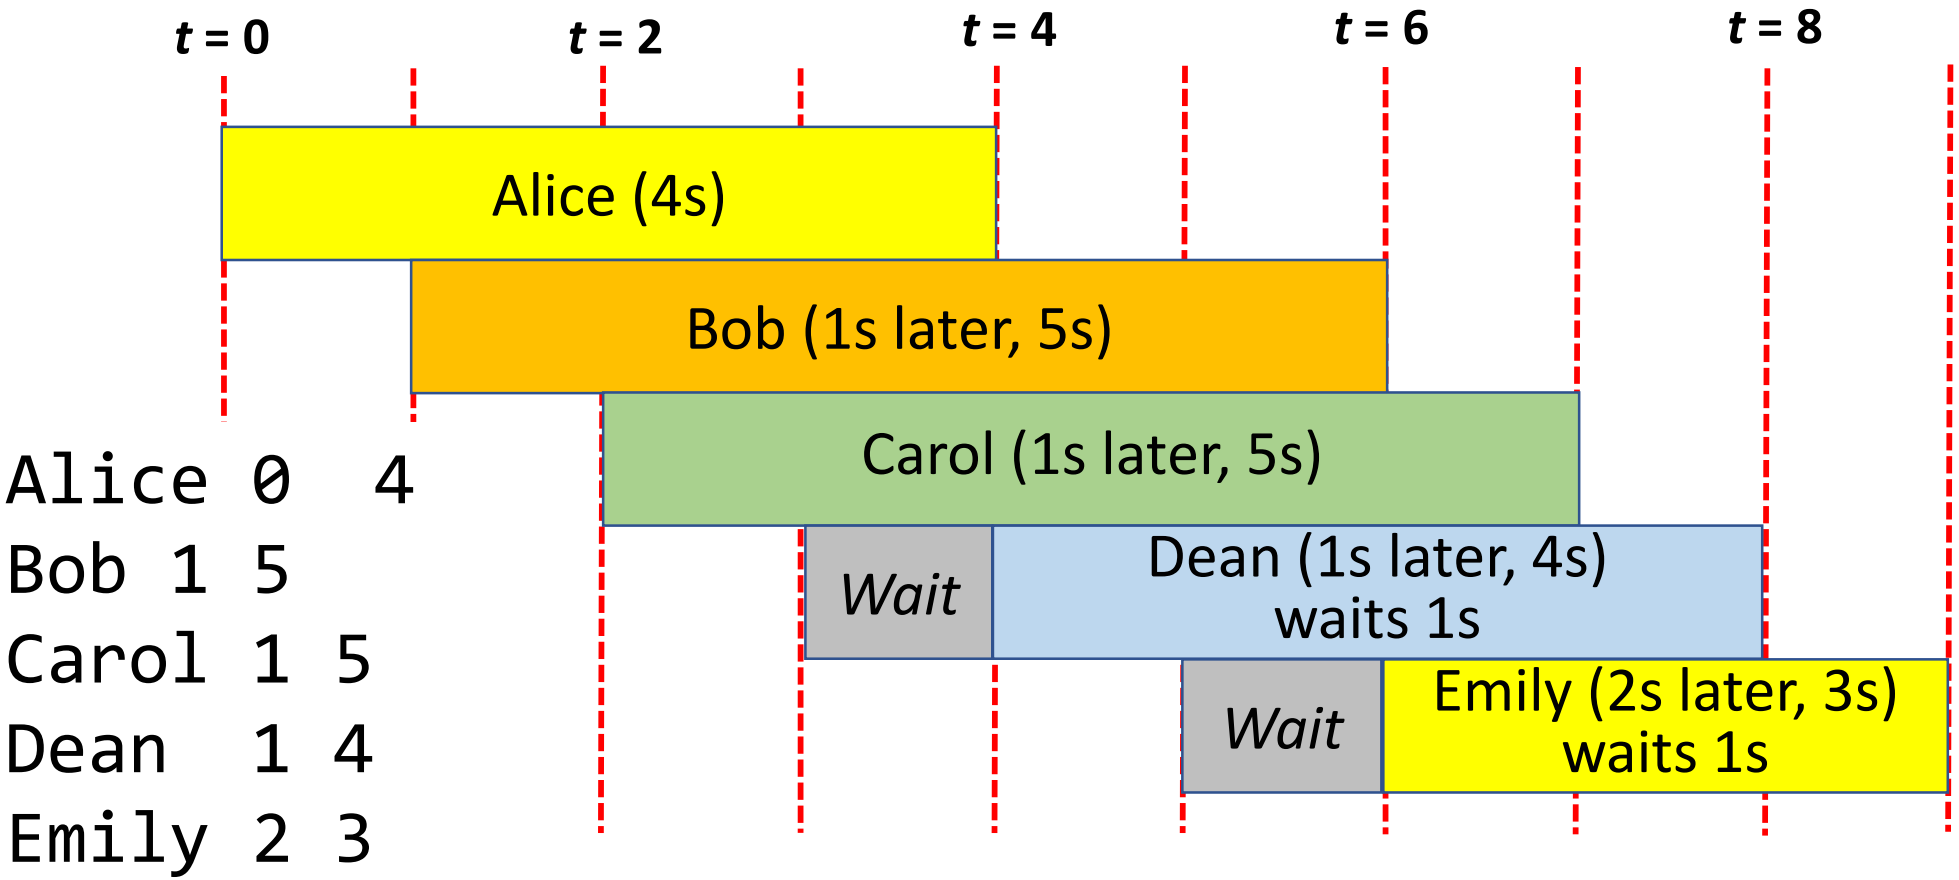
```
Alice 0  3
Bob 1 4
Carol 1 3
Dean  2 3
Emily 3 3
```

Same input but three clerks



```
Alice 0  3
Bob 1 4
Carol 1 3
Dean  2 3
Emily 3 3
```

Making it deterministic with three clerks



```
Alice 0  4
Bob 1 5
Carol 1 5
Dean  1 4
Emily 2 3
```
